FOUNDATIONS IN DENTAL ASSISTING

This class prepares students with the necessary manipulative skills, technical knowledge, and hands-on experience to obtain entry-level dental assisting employment. All students receive their x-ray license upon successful completion of the Dental Assisting Program. This course meets the mandatory 8 hour Infection Control and California Dental Practice Act requirement for all Dental Assistants in the state of California. **Students will have the opportunity to intern in a local dental practice. This is for an additional 6 weeks after the 14 week program. Internship provides the students with a means of enhancing their skills and developing professional relationships with other dental healthcare providers.**

IMPORTANT SKILLS TO ENTER THE COURSE

- Interpersonal communication skills
- Manual dexterity
- Must like working with the public
- Ability to work independently
- Ability to understand and follow safety rules
